INSTRUCTIONS FOR BAPTISM

Christian baptism is an act of obedience and a voluntary ceremony whereby a person publicly declares he or she has come to a saving faith in Jesus Christ. Christian baptism is performed by dipping the believer under water and lifting him or her up again, symbolically representing the believer's acceptance of Jesus' death, burial, and resurrection for their sins. Paul explained this in Romans 6:3-6: "Or have you forgotten that when we were joined with Christ Jesus in baptism, we joined him in his death? For we died and were buried with Christ by baptism. And just as Christ was raised from the dead by the glorious power of the Father, now we also may live new lives. Since we have been united with Him in His death, we will also be raised to life as He was. We know that our old sinful selves were crucified with Christ so that sin might lose its power in our lives. We are no longer slaves to sin."

Baptism doesn't save; it isn't required for salvation and we can go to heaven without being baptized. But Jesus asks us to do it as a testimony of what we believe...a symbol of our relationship with him...a demonstration that we've left a former way of life to live a new life as children of God.
